

Download A Christmas Carol Old Joe

Old Joe is a minor character in the Dickens novel A Christmas Carol. During Scrooge's vision of the future, Scrooge notices his former maid from his mansion selling his belongings to a fence (someone who buys stolen goods to sell later) named Old Joe. This is not one of my video productions, but an excerpt from a video commissioned by the theatre, which I've posted for the very reason that I'm in it ;) Old Joe is a pawn broker. The charwoman, the laundress, and the undertaker each visited Old Joe in order to sell the goods they stole from Scrooge's home after he died (one of the visions).
