## 3 Victoria Laurie

I started reading the Psychic Eye mystery series when I was looking for something to read after the Charlie Davidson series by Darynda Jones. That series reminded me so much of Janet Evanovich's Stephanie Plum series, with its humor, romance, and threw in the added element of the grim reaper. Abigail Cooper makes a living as a psychic, using her vision to stop others from making a killing on murder. Now, as the FBI's newest Civilian Profiler, she can add something else to her resume—spy. 2005, Victoria Laurie, A Vision of Murder: A Psychic Eye Mystery, ISBN: Rebecca Rosen, merci for helping me to understand that connection between you and The Other Side, and making the character of Theresa come alive.
