

# Download Artful Scribbles The Significance Of Children Drawings

Drawing from her study of approximately one million drawings by children, Rhoda Kellogg traces the mental and artistic development of children from infancy to eight years of age, defining and classifying the forms common to children's art throughout the world. I ordered this book 37 years ago when my daughter was a baby. I loved the children's art, and the text was fascinating. The colourful pages showed how children go through progressive, predictable stages in creating drawings and paintings. Earlychildhood NEWS is the online resource for teachers and parents of young children, infants to age 8. You will find articles about developmentally appropriate practice, child health, safety and behavior as well as links to teacher resources and networking opportunities. Personal site of author-editor Pat McNees, personal historian and medical historian, bringing a light touch to heavy subjects, helping people and organizations tell their life stories.
