

Download Basic Atomic Structure Worksheet

Answers

Atoms Around Us What is an atom? Atoms are building blocks. If you want to create a language, you'll need an alphabet. If you want to build molecules, you will need atoms from different elements. I hope all these self-assessment quizzes and work sheets will prove useful, whatever course you are doing. Scroll down to see what's on offer and F/H means differentiation for UK GCSE/IGCSE foundation/higher level tier quizzes (it basically means easier on limited knowledge and harder on wider ranging questions). Worksheets + Answer Sheets 3 worksheets to help students get to grips with explaining elements, compounds and mixtures. - The foundation worksheet is a simple wordsearch with a small descriptive activity at the bottom of the worksheet. The factors that affect the rate of chemical reactions are specifically dealt with in this worksheet; plus some application questions involving temperature, concentration, surface area, catalyst.
