The timeworn and pedestrian answer is simply "to get to the other side." Here are some creative and original answers: The chicken crossed the road.
Scope of this Manual. This manual is intended for users who have a basic knowledge of the R environment, and would like to use R/Bioconductor to perform general or HT sequencing analysis.
Dear Twitpic Community - thank you for all the wonderful photos you have taken over the years. We have now placed Twitpic in an archived state.
