A few lines from Carlin's book, Brain Droppings I like sports because I enjoy knowing that many of these macho athletes have to vomit before a big game. Any guy who takes a job where you gotta puke first is my kind of guy. Some see the glass as half-empty, some see the glass as half-full. I see the glass as too big. George Carlin's Brain Droppings is even more vulgar in text. I love it. The book has a lot of lists, short snips of his opinions and observations. Quick and easy read. If you're not easily offended buy this, very entertaining. Wish we got a couple more years out of George, he is greatly missed. Find great deals on eBay for brain droppings. Shop with confidence.
