Creepy Crawlers (or Thingmaker) is an activity toy made by Mattel, beginning in 1964. The toy consists of a series of die-cast metal moulds resembling various bug-like creatures, into which is poured a liquid chemical substance called "Plastigoop", which comes in assorted colours. Remember Creepy Crawlers, a product that included a toy oven that enabled children to create Plastigoop bugs? Well, Hollywood remembered them, too. Do You Have Original Bed Bug Photos?
