

Download Bulletproof Birthday Cake

Bulletproof Coffee is a rich, creamy coffee drink filled with healthy fats. It's made with coffee, grass-fed butter, and MCT oil. Coffee with butter has many added health benefits that you don't get from regular black coffee. Delicious, fluffy and tastes just like a carrot cake should but without all the grain. Paleo Carrot Cake with Faux Cream Cheese Frosting. After looking at that picture I just have two words for you.... Glory. Hallelujah. I think I'll be making these soon. BUT only if the family is here to help me eat them or I may eat the whole thing by myself. I'm no food stylist, so my cake decorating style is a little, er – relaxed, but I know my stuff when it comes to chocolate and baking. I followed this recipe to the letter, including preparing the pan properly and using Haigh's chocolate and it was just perfect.
