

Download Caring For The Vascular Patient

At the Heart & Vascular Institute of Michigan, we value each of our patients. At Heart & Vascular Institute of Michigan, we believe that your cardiologist should be a skilled doctor, a clear communicator, and a great listener. At Park Nicollet Heart and Vascular Center, our experts use a team-based approach to care for your entire cardiovascular system. From preventive care (heart health evaluations and calcium scores) to acute care (angioplasty and cardiac surgery), we offer personalized solutions for you and your heart. Welcome to The Vascular and Vein Center at Gulfcoast Surgeons in Fort Myers and Cape Coral Florida. As one of the first and most respected vein clinics in Southwest Florida, our surgeons, Dr. Abraham Sadighi, Dr. Michael Novotney have performed thousands of vascular and vein surgeries over the past 28 years. Winchester Cardiology and Vascular Medicine provides consultative cardiology and imaging services, with specialists in Arrhythmia, ASD/PFO Closure, Coronary Artery Disease, EP Studies and Ablations, Interventional Cardiology, Pacemaker and ICD, Peripheral Vascular Disease, Preventative Cardiology, Valvular Heart Disease, and Women's Cardiology.
