

Download Cicero The Life And Times Of Rome's Greatest Politician Anthony Everitt

'Just a note to say how much I enjoyed Anthony Everitt's Cicero, which I will certainly be choosing as my Book of the Year. I found it the most wonderfully written and perfectly paced book I've read (or reviewed) in ages. This book combines clear and lucid writing with a fascinating subject -- the life of Marcus Tullius Cicero, probably the greatest of all Roman Senators.
