

Download Colorado's Deadliest Floods

Colorado's Deadliest Floods (Disaster) - Kindle edition by Darla Sue Dollman. Download it once and read it on your Kindle device, PC, phones or tablets. Use features like bookmarks, note taking and highlighting while reading Colorado's Deadliest Floods (Disaster). In terms of lives lost and property damaged, floods are just behind tornadoes as the top natural disaster. In the United States, flood damages totaled \$8.41 billion in 2011. Floods in the United States are generally caused by excessive rainfall, excessive snowmelt, and dam failure. Below is a list of flood events that were of significant impact to the country, 1901 through 2000, inclusive. The first images captured by a critical new satellite have been released by NASA — and they zero in on the area just burned by the Galena Fire here in Colorado.
