

Download Community Acquired Pneumonia Guidelines 2013 Pdf

Mandell LA, Wunderink RG, Anzueto A, et al. (March 2007). "Infectious Diseases Society of America/American Thoracic Society consensus guidelines on the management of community-acquired pneumonia in adults". Community-acquired pneumonia (CAP) is one of the most common infectious diseases and is an important cause of mortality and morbidity worldwide. Hospital-acquired pneumonia (HAP) or nosocomial pneumonia refers to any pneumonia contracted by a patient in a hospital at least 48–72 hours after being admitted. Community-acquired pneumonia (CAP) is a leading cause of hospitalization and death worldwide. 1-3 Most guidelines recommend that antibiotic treatment be based on the severity of disease at ...
