Blackberry Mint Cucumber Tequila Coolers. Summertime means juicy, sun-ripe blackberries-and, if you haven't noticed, a whole lotta cucumber. This drink is tall and revitalizing with a homemade blackberry syrup, muddled cucumber juice, sprigs of mint, lemon juice, club soda, and shot (or two) of tequila. When my boss was in town a few weeks ago, we all went out for drinks. It was the perfect evening really. Late summer, still warm enough to forgo a jacket, the service was spot-on, the live music was the best I've ever heard in Wichita, and the cocktails? The Coolest Cooler is the only all-in-one outdoor entertainment solution you'll need for tailgating, camping, boating, picnics, beach parties, barbecues, and anytime you're enjoying the great outdoors.
