This book develops a new theoretical framework for understanding cosmopolitan communications and uses it to identify the conditions under which global communications are most likely to endanger cultural diversity. The key alternative in politics nowadays is identitarianism versus cosmopolitanism (which is a sub-level of the right vs left alternative). The fast expansion of the globalization that has been occurring since the 90s seems to be at the heart of this alternative. How 'globalism' became the boogeyman of 2016. ... Analysis Interpretation of the news based on evidence, including data, as well as anticipating how events might unfold based on past events. Philosopher Kwame Anthony Appiah will address global citizenship education relative to the crisis facing black America and Chicago in a public lecture hosted by the Institute for Daisaku Ikeda Studies in Education at DePaul University.
