The crime against nature or unnatural act has historically been a legal term in English-speaking states identifying forms of sexual behavior not considered natural or decent and are legally punishable offenses. Sexual practices that have historically been considered to be "crimes against nature" include anal sex and bestiality. Crime in Venezuela is widespread, with violent crimes such as murder and kidnapping increasing annually. The United Nations has attributed crime to the poor political and economic environment in the country, which has the second highest murder rate in the world.
