

# **Download Designing The Smart Organization How Breakthrough Corporate Learning Initiatives Drive Strategic Change And Innovation**

If you're in learning and talent development, this book is fantastic. More so than any other book I've found in the space, it gives an accurate and succinct depiction of the raison d'etre and scope of the learning organization, the fundamental problems and activities in this space, and a review of industry practices. Join us to get hands on (hint, hint...bring your laptop!) with the latest release of SumTotal Learn. We'll take a look at change management considerations admins should be familiar with as they consider and head into an upgrade.
