Detective Comics is an American comic book series published by DC Comics. The first volume, published from 1937 to 2011 (and later continued in 2016), is best known for introducing the superhero Batman in Detective Comics #27 (cover dated May 1939). Detective Comics was an anthology comic featuring detective characters (both superhero and civilian). The longest-lasting character in Detective Comics was Batman: from the time of his debut (#27, May 1939), the Caped Crusader was almost always the star of the cover and lead story. The first book of Rebirth's Detective Comics was one of my favorites in the revamp, so ordering volume 2 was a no-brainer. And once again, this book is holding strong.
