## Stephanie Tyler

Get Protected: The Dire Wolves are Coming The Eternal Wolf Clan series focuses on the last six remaining Dire Wolves – Rifter, Stray, Vice, Jinx, Rogue and Harm are fierce warriors - and they're also cursed with immortality. Dire Desires by Stephanie Tyler is the third book in her Eternal Wolf Clan series and it is an excellent read! I am looking forward to the next book in this unique wolf-shifter series and hope it will be coming soon. It is a definite recommendation to anyone who enjoys paranormal action and romance books. Dire Wants Novel of the Eternal Wolf Clan by Stephanie Tyler, 2012, Signet Book edition, I've had the first two books of the Eternal Wolf Clan on the TBR pile for a while and the third is out now so I decided to read Dire Needs and do a 'choose it or lose it' on Tyler series - keep on going through the next two books if I like this first book or clean 'em off the pile if I don't.
