

# Download Early Cinema Space Frame Narrative

Although the start of the history of film is not clearly defined, the commercial, public screening of ten of Lumière brothers' short films in Paris on 28 December 1895 can be regarded as the breakthrough of projected cinematographic motion pictures. Aerial Shot A shot taken from a crane, plane, or helicopter. Not necessarily a moving shot. Backlighting The main source of light is behind the subject, silhouetting it, and directed toward the camera. Classical Hollywood cinema, classical Hollywood narrative, and classical continuity are terms used in film criticism which designate both a narrative and visual style of film-making which developed in and characterized American cinema between the 1910s and the early 1960s, and eventually became the most powerful and pervasive style of film ...History of the motion picture: History of the motion picture, history of cinema from the 19th century to the present.
