New England is a geographical region comprised of six states of the northeastern United States: Maine, Vermont, New Hampshire, Massachusetts, Rhode Island, and Connecticut. The ancestors of Indigenous Australians are believed to have arrived in Australia 40,000 to 60,000 years ago, and possibly as early as 70,000 years ago. The New England Antique Arms Society, Inc. was founded by a group of serious antique arms collectors and historians in 1997. Since then, our membership has grown to over 200 members from across the United States and Canada. Colonial & early American fare.
