

# Download Environmental Law Stories

West Coast Environmental Law is transforming environmental decision-making and strengthening legal protection for the environment through collaborative legal strategies that bridge Indigenous and Canadian law. Welcome to the Environmental & Energy Law Section. The purpose of this Section is to bring together members of the New York State Bar Association who are interested in environmental law for furtherance of the public interest in an effective and fair legal framework for protection of the human and natural environment. Formed in 2000 and legally constituted as a Trust in November 2001 under Notarial Deed of Trust MA1669/2001, the Zimbabwe Environmental Law Association (ZELA) is a premier public interest environmental law group based in Zimbabwe. The Environmental Law & Policy Center (ELPC) seeks a talented Media Relations Specialist to join our growing communications team with a focus on generating earned media coverage for ELPC's clean energy and climate change advocacy initiatives.
