

Download Ethics And Global Security

This book will be the first systematic examination of the role that ethics plays in international security in both theory and practice, and offers the reader a concrete ethics for global security. Abstract. The security agenda is going global. Key threats such as weapons proliferation, disease, terrorism and climate change cannot be addressed unilaterally by states, and require a global perspective to both understand and respond effectively to them. This book will be the first systematic examination of the role that ethics plays in international security in both theory and practice, and offers the reader a cosmopolitan approach“ von Anthony Burke mit Rakuten Kobo. This book will be the first systematic examination of the role that ethics plays in international security in both theor...
