

Download Excel For Fantasy Football

Fantasy Football Draft Spreadsheet By: Bryan Povlinski If you do a fantasy football draft online on one of the major sites like Yahoo, ESPN, or CBS Sports you'll have a lot of rankings and information at your disposal as you're drafting. Expert Rankings Rankings from 100+ experts. ADP Consensus Get the Average Draft Position across multiple sites. Projections See projections for top fantasy football players. Cheat Sheets, the number one tool used during every single fantasy football draft. Many people take the easy road, buying a magazine or comparing rankings on various websites. I just joined the board and I am looking for some help creating a formula for a spreadsheet that I created for my fantasy football league. To keep it simple, I am in an auction style draft where each team bids on the players they would like to have on their team. Bids are in increments of \$1, using whole numbers only. Each team has \$200 to spend in order to fill their roster, and the minimum bid for every player is \$1.
