Early contributions to biology were made by Catholic scientists such as Jean-Baptiste Lamarck and the Augustinian monk Gregor Mendel. Since the publication of Charles Darwin's *On the Origin of Species* in 1859, the attitude of the Catholic Church on the theory of evolution has slowly been refined. One of the most obvious perceived contradictions between Torah and science is the age of the universe. Is it billions of years old, like scientific data, or is it thousands of years, like Biblical data? Provides a vast amount of information and resources on the subject of Alcoholics Anonymous ...experience the history ...lest we forget! For the fun of debunking, duty of skepticism, and love of science. It is difficult to say what truth is, but sometimes it is so easy to recognize a falsehood.
