Since August 2014 you don't have to travel to a testing center and spend a lot of money in associated expenses to take a certification exam. Thanks to the Linux Foundation, you can aspire to a world-class certification by taking a monitored on-line exam from the comfort of your own home. Book "Administration Guide" The guide describes various administration tasks that are typically performed after the installation. The guide also introduces steps to integrate Ceph with virtualization solutions such as libvirt, Xen, or KVM, and ways to access objects stored in the cluster via iSCSI and RADOS gateways.
