

Download Figures Of The Imagination

A fresh interpretation of Fragonard's figures de fantaisie, *Fragonard and the Fantasy Figure: Painting the Imagination* reconnects Fragonard's paintings with a neglected tradition of fantasy figures in European art, and situates them within the cultural and aesthetic contexts of eighteenth-century France. This study defines Fragonard as a painter of the imagination, and shows how the fantasy figure, with its unusual juxtapositions and humour, engages the imagination of artist and viewer. This new study of the intersection of romance novels with vocal music records a society on the cusp of modernisation, with a printing industry emerging to serve people's growing appetites for entertainment amidst their changing views of religion... Something made up, invented, or fabricated, as in "The long dishevelled hair, the swelled black face, the exaggerated stature were figments of imagination" (Charlotte Brontë, *Jane Eyre*, 1847).
