

# Download Finding The Solution Set Calculator

This page will show you how to solve two equations with two unknowns. There are many ways of doing this, but this page used the method of substitution. Solution by Graphing. For more complex systems, and especially those that contain non-linear equations, finding a solution by algebraic methods can be very difficult or even impossible. From a set of 1 through 9 playing cards, I draw five cards and get cards showing 8, 4, 2, 7, and 5. I ask my 6th graders to make a 3-digit number and a 2-digit number that would yield the greatest product.
