

Download Firefox Addons Developer Guide

Lightbeam is a Firefox add-on that enables you to see the first and third party sites you interact with on the Web. Using interactive visualizations, Lightbeam shows you the relationships between these third parties and the sites you visit. Use icons without text on most toolbars. New Tab button comes with Firefox, but is enhanced with Drag and Drop extension which has been built-in since Firefox 1.5. Portions of this content are ©1998–2019 by individual mozilla.org contributors. Content available under a Creative Commons license. Mozilla Firefox (or simply Firefox) is a free and open-source web browser developed by The Mozilla Foundation and its subsidiary, Mozilla Corporation.
