3 BOOKS IN 1! This super-sized workbook is jam-packed with 320 pages of kid-friendly, teacher-reviewed exercises—perfect for kids tackling 1st grade math. Building a strong foundation in basic math is essential as first-graders prepare to advance to more difficult math concepts. It's a decent book. Covers most of math content expectations for first grade, introduces some second grade content. I gave it four stars only because of the cost and the fact the pages are starting to come out. Probably not their fault, my son can be rough on things.
