

# Download Forefront Update Download Manually

This article describes how to manually download the latest antimalware definition updates for Microsoft Forefront Client Security, Microsoft Forefront Endpoint Protection 2010 and Microsoft System Center 2012 Endpoint Protection. Download the latest definition updates for Windows Defender Antivirus, Microsoft Security Essentials (MSE), System Center Endpoint Protection (SCEP) and other antimalware. This method has been deprecated as of Forefront Endpoint Protection update rollup 1. Please see Forefront Endpoint Protection 2010 update rollup 1 using your distribution points for FEP definitions with the software update automation tool for the new method. In my previous post on Configuring Windows 10 Devices to Wake and Update Outside of Class Time I discussed how we can manage shared devices with Windows 10 and wake and update those devices leveraging the new Shared PC Configuration Service Provider (CSP).
