

Download Goldilocks And The Three Dinosaurs As Retold By Mo Willems

Goldilocks and the Three Dinosaurs is a new take on the fairy-tale classic Goldilocks and the Three Bears, so funny and so original—it could only come from the brilliant mind of Mo Willems, the author/illustrator of Don't Let the Pigeon Drive the Bus and the Elephant and Piggie series. When I was 7 years old, I decided that I wanted to be a writer. That decision led me to study English and journalism at the University of Texas-Austin and to earn a master's degree in creative writing from the University of Southern California. What a fantastic idea – I love the different dinosaurs movement – stretching like an Apatosaurus has to be my favourite one. I love to read fractured fairy tales with kids. This is a great list. Three Little Fish and the Big Bad Shark is a favorite around here. The Three Little Tamales is new to me.
