We loved this book for creating our own Earth Science in Middle School. It was easy to use for a self learner and had good information and easy but fun experiments. Kindergarten Through Grade 5 Kindergarten through Grade 5 students are guided by Prentice Hall-Scott Foresman for Science. Scott Foresman Science provides inquiry-rich content with Scaffolded Inquiry™ activities; cross-curricular connections that link reading and science skills in every chapter for all students. Life is a characteristic that distinguishes physical entities that have biological processes, such as signaling and self-sustaining processes, from those that do not, either because such functions have ceased (they have died), or because they never had such functions and are classified as inanimate.
