

# Download Harry Potter Knitting Pattern For 18 Inch Dolls

This is a wonderful book of knitted designs for the 18" dolls. I have made several outfits from this book. They are easy patterns to follow and the finished product is beautiful. Lots of bloggers will be sharing new Harry Potter themed projects everyday for the next week and a half at Raegun Ramblings, so you'll want to be sure to check back. For instance, it's taken over a month for us to round up all three house scarves (one of them always seemed to be lost) and have all three kids in an agreeable mood for taking some pictures. Free Patterns. Bonehat. Beanie with skulls in stranded colorwork. Designed by Gerrit Rijken (Tundra Toucan) and Noeska Smit. Aran weight yarn. Get the free knitting pattern
