The first time I tried to make pasta, I used a different recipe I found. It didn't work out. The pastas kept getting stuck and it came out like mush. This time, I searched for a different recipe to use and came across this one. Gave it a try, and OMG, I just made **HOMEMADE** pasta. I was jumping all over my kitchen with excitement. It's cooking on my stove now, so I can't wait to taste it. Thank you so much.  
Pasta makers have become popular kitchen appliances among those who love to cook and one of the brands that are gaining wide recognition is KitchenAid. How to Make Homemade Pasta with KitchenAid Mixer  
Life has been ridiculously busy here for months and it's probably been that long since I've gotten up to my elbows to make some homemade pasta using my KitchenAid mixer and KitchenAid Pasta Roller & Cutter Attachment Set .
