

Download I, Charles, From The Camps

The Charles River Rowing Camp offers a unique and positive camp for high school aged rowers of all experience levels. Athletes train on one of the world's most legendary rowing venues, the Charles River in Boston, and have the opportunity to use Harvard University's boathouses and equipment. We run football camps in the United States for athletes aged 7-18. We offer offensive and defensive training by veteran college and high school coaches as well as select former and current NFL players and coaches. Camp St. Charles is a catholic, overnight summer camp and retreat center located in Southern Maryland. Our beautiful water front location is an ideal setting for our summer camp program and weekend events. Charles Zentai (born Károly Steiner; October 8, 1921 – December 13, 2017), was a Hungarian-born resident of Australia accused of a Holocaust-related war crime.
