Alkaloids are a major group of natural products derived from a wide variety of organisms and are widely used as medicinal and biological agents. **IBOGAINE: THE FIRST INTERNATIONAL CONFERENCE** was held in New York City in 1999, and this book collects the proceedings, plus more. Adding to pharmaceutical and toxicology research is new information regarding therapies that use ibogaine, including traditional Bwiti therapies, various encounter and shock therapies, dream therapies — even amateur therapies using ibogaine in uncontrolled doses, based on self-help models.
