The immune system is complex with a lot of intricate pieces. This series of hands-on, interactive games and activities makes learning about the immune system fun and can be used for most grade levels. Breast cancer will affect 1 in 8 women during their lifetime — and it is the fourth-leading cause of cancer death in the United States. But 8 in 8 women are being exploited by those looking to monetize the disease. All OpenStax textbooks undergo a rigorous review process. However, like any professional-grade textbook, errors sometimes occur. The good part is, since our books are web-based, we can make updates periodically. This text is the most comprehensive guide to the clinical aspects of exercise physiology. Covering 24 chronic conditions, it is the go-to book for students preparing for ACSM's Clinical Exercise Physiologist certification exam.
