Welcome to Innovation through Knowledge Transfer! InnovationKT (Innovation through Knowledge Transfer) is an initiative to promote and raise the profile of knowledge transfer and innovation, and provide publication opportunities for all those involved in the discipline. Knowledge transfer refers to sharing or disseminating of knowledge and providing inputs to problem solving. In organizational theory, knowledge transfer is the practical problem of transferring knowledge from one part of the organization to another. Improving knowledge transfer between research institutions and industry across Europe: embracing open innovation. Implementing the Lisbon agenda Innovation can be simply defined as a "new idea, creative thoughts, new imaginations in form of device or method". However, innovation is often also viewed as the application of better solutions that meet new requirements, unarticulated needs, or existing market needs. Such innovation takes place through the provision of more-effective products
