

Download Intelligent Distributed Computing V Proceedings Of The 5th International Symposium On Intelligent

Prof. Dr. Luca Maria Gambardella Director IDSIA Istituto Dalle Molle di Studi sull'Intelligenza Artificiale SUPSI-USI, University of Applied Science and Arts of Southern Switzerland, DTI Department Technology and Innovation, University of LuganoPeer-Reviewed Conference Publication. P. Agand, H. D. Taghirad and A. Molaei, Vision-based kinematic calibration of spherical robots, in the proceedings of the Third RSI International Conference on Robotics and Mechatronics (ICRoM 2015), Tarbiat Modares University. Cloud computing is shared pools of configurable computer system resources and higher-level services that can be rapidly provisioned with minimal management effort, often over the Internet. With the significant advances in Information and Communications Technology (ICT) over the last half century, there is an increasingly perceived vision that computing will one day be the 5th utility (after water, electricity, gas, and telephony).
