

Download Isro Previous Years Ece Questions

The Old questions paper will be helpful for preparing the current year's recruitment exam 2017. 80 posts for various engineering departments ECE, ME and CSE were earlier advertised on the official website of ISRO which is www.isro.gov.in. Candidates having graduation degree in Engineering (B.tech / M.tech) are eligible for the post. Details about the recruitment notification may be found here. Go through these previous years' papers & practice them to know the difficulty level of exam & type of questions asked. Exam Pattern of ISRO Recruitment 2018 The selection process consists of 2 stages: Written Test + Interview. The exam question will be like a GATE model questions. So be thorough with all the topics and practice all last 10 previous ISRO, GATE, IES papers. No need to study in depth concepts to clear written exam because there is a less time to study so, practice all previous questions of GATE, IES, ISRO and try yourself to get the solutions to the previous questions. ISRO stands for Indian Space Research Organization and is the body responsible for all the space programs in India.. I have provided you with the previous year question papers and interview questions of ISRO for your reference..
