THE RISE AND FALL OF THE THIRD CHIMPANZEE to the chimp cages, and let the rest of us clothed and talking people visit the zoo. Those speechless Uniquely Human? Iv Mysterud The Rise and Fall of the Third Chimpanzee by Jared Diamond. London: Radius, 1991, 360 pages. Jared Diamond has written a remarkable and thought-provoking book. The Third Chimpanzee: The Evolution and Future of the Human Animal is a 1991 book by academic and popular science author Jared Diamond, in which the author explores concepts relating to the animal origins of human behavior, including cultural characteristics and those features often regarded as particularly unique to humans. As it turned out, writing The Third Chimpanzee defined a crossroads in my life: a shift from writing technical articles on narrow subjects, destined to be read by just a handful of academic experts, to writing books on big subjects, aimed both at experts and at the general public.
