

# Download Kiddie Parks Of The Adirondacks

Make a fun-filled splash with the entire family with a vacation at one of New York's water parks! Cool off this season at Darien Lake, Buffalo's largest water park, where thrill rides, kiddie waterslides, and a waterfront boardwalk reflect the nostalgia of a 1950's lakeside resort. A Long Island Enchanted Forest Water Safari Resort, where the fun never stops! Whiteface Memorial Highway. Drive to the top of Whiteface Mountain (open May-October) for unsurpassed 360 degree views of the Adirondacks. On a clear day you might even see Montreal to the north. The Land of Makebelieve was a place built just for kids. A place where they could explore without being told "do not touch." A place where they could expend their energy without their parents worrying about them damaging anything.
