

Download Longitudinal Research Question Examples

This book offers a complete, practical guide to doing an intensive longitudinal study with individuals, dyads, or groups. It provides the tools for studying social, psychological, and physiological processes in everyday contexts, using methods such as diary and experience sampling. CBU's School of Sciences is a perfect fit for students who are serious about immersing themselves in a rigorous but supportive program that pushes them to achieve.

Definition of Cross-Sectional Research. If you wanted to know if the percentage of women diagnosed with breast cancer increases with age, how would you go about answering this question?

Conflict between goals (inter-goal conflict) and conflicting feelings about attaining particular goals (ambivalence) are believed to be associated with depressive and anxious symptoms, but have rarely been investigated together.
