

# Download Maskerade A Discworld Novel 18

Discworld is a comic fantasy book series written by the English author Terry Pratchett (1948–2015), set on the Discworld, a flat planet balanced on the backs of four elephants which in turn stand on the back of a giant turtle. *Raising Steam* is the 40th Discworld novel, written by Terry Pratchett. It was also the last one published before his death in 2015. Originally due to be published on 24 October 2013, it was pushed back to 7 November 2013 (and March 18, 2014 in the U.S.). The most damning thing I can say about this book, in which the Witches head to Discworld Transylvania, is that it has entirely failed to stick in my memory. Terry Pratchett ha sposato sua moglie Lyn nel 1968, e nel 1970 si trasferirono a Rowberrow, Somerset. La loro figlia Rhianna Pratchett, a sua volta una scrittrice, nacque nel 1976.
