Pluralism is a term used in philosophy, meaning "doctrine of multiplicity", often used in opposition to monism ("doctrine of unity") and dualism ("doctrine of duality"). Papers by Peter van Inwagen. This is a collection of philosophical papers by Peter van Inwagen, categorized somewhat arbitrarily. Eventually, I hope to make it complete. Because interest in practical knowledge is fairly new, few general overviews are available.

Schwenkler 2012 and Roessler 2010 are helpful. They serve as up-to-date introductory surveys of the debate and contain good bibliographies. Haddock 2010 is a helpful discussion of the epistemological Introduction "The analytic/synthetic distinction" refers to a distinction between two kinds of truth. Synthetic truths are true both because of what they mean and because of the way the world is, whereas analytic truths are true in virtue of meaning alone.
