

# Download Murals Of Downtown Albuquerque

This peek into Albuquerque's street art is brought to you as a public service by Studio Hill Design, with support from City of Albuquerque Public Art, Downtown Albuquerque Arts & Cultural District, and 516 ARTS. Visit Us. Visit the Public Art Urban Enhancement Division offices at 2 Civic Plaza NW in the Downtown Arts & Cultural District, just inside the Albuquerque Convention Center West Lobby foyer. 516 ARTS is an independent, non-profit art space and a unique hybrid venue somewhere between a gallery and museum and showcasing traditional and contemporary work of local, national, and international artists working in all visual media. Today was somewhat rainy so we spent our time in museums. Drove through Nob Hill to check it out for another day. Was really disappointed, Seemed rather blah with bits of interest stuff but nothing we want to come back to.
