Naval Strategy and Operations in Narrow Seas (Cass Series--Naval Policy and History, 5) 2nd Edition Many books and articles have been written on wars in narrow seas. However, none deals in any comprehensive manner with the problems of strategy and conduct of naval operations. Dr. Milan Vego has been professor of operations at the Naval War College, Newport, Rhode Island, since 1991. A native of Bosnia & Herzegovina, he obtained political asylum in the United States in 1976. This book aims to explain in some detail the characteristics of a war fought in narrow seas and to compare and contrast strategy and major operations in narrow seas and naval warfare in the open ocean.
