

Download Obabakoak Stories From A Village

"A brilliantly inventive writer ... he understands the nature of storytelling and is at once terribly moving and wildy funny."?A.S. Byatt Obabakoak is a shimmering, mercurial collection about life in Obaba, a remote, exotic Basque village.Originally written in Basque language, the book was translated into spanish by the writer himself. The novel is built as a compilation of entirely fictional short stories and has nothing to do with the real life in a "exotic Basque village", as the synopsis says.Wootton's notion of practical Aristoteilian-esque virtue in the face of limitless appetite is compelling, and he stakes his claims persuasively.
