Make sure this fits by entering your model number. Sprays decorative paints like chalk type and milk (thinning may be necessary). Also sprays specialty furniture/cabinet paints plus stains, sealers, and lacquers. I took a risk and used this to paint several the stainless steel sink in my kitchen copper. Six weeks in and I am still very pleased. I figured at ~\$15 (plus \$20 for the primer) this was worth the chance over having to pay \$1000+ for a new copper sink, even if it only lasts me a year. Pigments, colors and mediums are the tools of the painter. Ever since human beings stood upright, freeing their hands, they have been using natural pigments, earth colors and synthetic pigments to record their experiences. A Handy PowerPoint to Use.
