Perfect. The title of the book and a very good description of this third entry in the Pierced series. I originally discovered this gold mine of a series last year when I was asked to review it. Frozen AllToyCollector Top 5 Videos Elsa Ears Pierced Hans Ursula Date Sing Let It Go Shower This is a great book in a great series. There action, magic, werewolves, vampires, friendships, and love. The main character is amazing as is the rest of the characters and the story line. When you read it you can't help but to keep reading till the end and then you don't want it to stop. I hope the writer is writing another one or two. So grab this whole series and enjoy reading some really great books. Perfect (The Pierced Series Book 4) - Kindle edition by J. C. Mells.
